1.2 PRACTICAL INFO & EVENT REGULATIONS

Detailed information for each event can be found in the Practical Info and Event's Regulations documents on the respective event webpages on the CEV website.

2. EVENT HOMOLOGATION PROCEDURE

The FIVB has recently implemented a homologation procedure for National, Zonal and Continental events. This will give a possibility for the athletes to earn World Ranking points from homologated events, which will be used for the entry and seeding purposes at future CEV/FIVB Snow Volleyball events. Also, the CEV/FIVB will feature on its websites the homologated events to increase their exposure.

Homologation application forms shall be sent -30 days prior to the start of the event(s) concerned to the CEV. An application sent after the specified deadline may be not accepted by the CEV/FIVB. However, the non-homologated events can still take place without benefitting from the CEV/FIVB calendar promotion and allocation of world ranking points.

Please refer to the respective homologation form (National/ Zonal) to find out more about minimum requirements and the application procedure. The forms can be found on the FIVB's website.
